Skates

For beginners of our sport it's not always easy to decide which size will fit most skate boots are sized in Men's sizes and different brands vary. We recommend starting by measuring your feet: Put on some socks you would wear while skating, Press your heel against a wall (as shown below) and take the length in CM to your longest toe.

When you have chosen a roller skate and opened the product's page you'll find the sizing / available stock listed.
